ABOUT

I am a third-year IT student experienced in backend development with **Spring Boot**, building secure **REST APIs** using **Spring Security** and **JWT** authentication, with a strong understanding of **Core Java**. Additionally having basic knowledge of front-end technologies including **HTML**, **CSS**, **JavaScript** and **basic ReactJS**. Also having knowledge of **Data Structures and Algorithms** using **C++** and **Java**, and demonstrating teamwork and **communication** through my experience at **E-Cell**. Actively seeking internship opportunities to contribute to scalable software solutions and grow as a full-stack developer, and **leverage AI tools** to work smarter and ship faster.

EDUCATION

Institute of Engineering and Technology, DAVV	Indore, India
<i>Bachelor of Technology in Information Technology; CGPA: 8.95/10</i>	2023 – 2027
St. Raphael's Higher Secondary School	Indore, India
<i>Higher Secondary Certificate (10th: 97.6%, 12th: 91.6%)</i>	2021 – 2023

TECHNICAL SKILLS

Programming Languages: C++, Java
Backend Development: Spring Boot, RESTful API Development, Spring Security, JWT-based Authentication, DTO pattern, MVC Architecture
Frontend Development: HTML5, CSS3, JavaScript ES6+, Basic React JS
Courses: Data Structures and Algorithms, Object Oriented Programming, Database Management System
Databases & Tools: MySQL, Postman
Problem Solving: DSA | [LeetCode Profile](#)
AI Tools: ChatGPT, Claude - used for debugging, code reviews, and accelerating development

PROJECTS

- Linklytics URL Shortener** | *Spring Boot, Spring Security, JWT, React, REST APIs, MySQL* | [Frontend](#) | [Backend](#)
- Developed a secure **RESTful** backend using Spring Boot with stateless **JWT-based authentication**, handling user registration, login, token generation, and authorization for protected endpoints.
 - Built **backend APIs** for total and per-URL **click analytics** filtered by date range, aggregating **click events by date** and exposing them as structured REST endpoints.
 - Built a responsive **React frontend** with public and private route management, global auth state, and a dynamic navbar reflecting login status in real time.
 - Developed an **analytics dashboard** with a bar graph visualizing daily click trends, and a **Create Short URL form** with validation and automatic clipboard copy of the generated link.
 - Added **per-user URL listing** with dedicated per-URL analytics, subdomain-based redirect management, custom error pages, and a global loader.

EXTRA CURRICULARS

- | | |
|---|---------------------|
| Public Relations Head | July 2025 – Present |
| <i>Entrepreneurship Cell (E-Cell), IET-DAVV</i> | Indore, India |
- Served as **Public Relations Head** at E-Cell, IET DAVV, one of Central India's largest entrepreneurship cells.
 - Hosted renowned speakers including Dr. Gajendra Purohit, **Raj Vikramaditya (Striver)**, and Harsh Priyam, ensuring smooth coordination and hospitality.
 - Actively served as a **public speaker** and anchor for 2+ years.
 - Gained strong teamwork, **communication**, and networking skills through hands-on event management experience.

ACHIEVEMENTS & CERTIFICATIONS

- Maintained consistent academic excellence with CGPA of **8.95/10** throughout undergraduate studies
- Qualified for coding round in Google's Girl Hackathon, successfully solving medium-hard algorithmic challenges
- Participated in a structured web development program conducted under Fluxus, conducted by **IIT Indore**.
